CAPTURE QUALIFIED LEADS | BUILD THOUGHT LEADERSHIP | GAIN SUBSTANTIAL ROI

Portray your company as the industry thought leader on banking industry issues and receive qualified sales leads.

» WORK WITH A PROVEN PARTNER

SourceMedia's Banking Group has a strong track record of producing successful Web Seminars, offering an effective method to generate qualified sales leads and portray your company as an industry thought leader.

Our Web Seminars give you access to hundreds of participants who are interested in what your company has to say. For approximately 60 minutes, you'll have the opportunity to offer informative, valuable content and real-time polling to this attentive audience, concluding with an engaging Q&A.

» HOW IT WORKS

Using Microsoft Office Live Meeting, our custom media team can take care of every detail surrounding your Web Seminar. Our specialists manage all marketing, project management and post-production logistics, and also:

- Act as the moderator for the event
- Suggest speakers based on your choice of topic and audience profile
- Market the event to our readers
- Handle event registration
- Provide status reports on registration numbers and promotional campaigns
- Supply post-event reports with complete list of registrant demographics as well as full attendee lists
- Host the Web Seminar on our site for 6 months

Your one-hour Web Seminar will feature slide presentations viewable over the Internet, real-time polling of participants and a live Q&A session wrap-up. The result: an hour of mind-share with targeted leads.
